Did you see things in his ear or in his mouth.:

What OCD behavior observed today?:

Every trip out the door Hunter wants to take his backpack, socks, underwear, water bottle like he's not returning
Describe where saw item, what it looked like, and duration.:

If Hunter shaved today, did staff supervise his following task directions?:

Hunter is only supposed to call his mom twice a week. Only IF he called his mom, was it before 5 pm or after 5 pm?:

Please describe any irregular behavior (singing loud, playing TV loud, blank look, stares at you but no response, wearing hoody with no shirt, looks scared, says hears voices, more withdrawn).:

I've noticed last couple weeks Hunter walks with pants falling down. First it was a few times now it's all the time. You could see his under wear.

Now you see his skin. One day he was leaning on his side on the couch, which pulled his pants down, exposing his hip/belly. Yesterday he was walking and you could see his butt crack. I will add tracking it to his daily notes for inappropriate social boundaries VJ

Number of times saw OCD (i.e. excessively cleaning, cleaning baseboards or carpet, taping things, wearing layers of clothes):

Did Hunter wear sunglasses indoors?:
